*A By-Law to Provide for the Draining and dyking of a Portion of the Municipality of Delta, to be known as the Mud Bay Flats Dyking and Drainage Works, and for borrowing upon the Strength of the said Municipality the sum of \$28,812.00 for completing the same.*

— o —

PROVISIONALLY ADOPTED THE 22ND DAY OF AUGUST, 1892.

WHEREAS William McKee, T. W. Patterson, J. Holmes, S. L. Smith and others, being a majority in number and value of the owners as shown by the last revised assessment roll of the property hereinafter set forth to be benefited by the construction of the drainage and dyking works hereinafter provided for, have petitioned the Council of the said Municipality, under the "Municipal Act, 1892," to cause the examination to be made of the following lands to be benefited, namely:—Commencing at the high land on the line between Sections 11 and 12, Township 4; thence south to the shore line of Mud Bay; thence along the shore line of Mud Bay to the Big Slough; thence along the bank of the said slough to a junction with the dam and gate; thence southerly along the bank of the said slough to the shore line of the bay; thence along the shore line of the bay to the west side of Section 29, Township 3; a ditch of ample size to commence on the west side of Big Slough, at the middle of the north-east quarter of Section 35, Township 3; thence west to the section line between Sections 34 and 35; thence south a quarter of a mile; thence west to the west side of Section 32, Township 3, all of which lands are in the said Municipality, in Group 2, New Westminster District, in the Province of British Columbia; cause surveys to be made, procure plans and estimates and pass the necessary by-laws, to provide for the construction, protection and maintenance of a dyke of sufficient size and strength, with all the necessary dams, sluices, boxes, locks, gates, &c., commencing at the south-east corner of Section 35, Township 3; thence westerly along the shore line of Mud and Boundary Bays to the west side of Section 29, Township 3; thence north to the north-west corner of Section 8, Township 4; thence east to the north-east corner of Section 11, Township 4; thence south to Mud Bay and place of commencement; and a ditch of ample size to commence on the west side of the Big Slough, at the middle of north-east quarter of Section 35, Township 3; thence west to the section line between Sections 34 and 35; thence south one-quarter of a mile; thence west to the west side of Section 32, Township 3;

And whereas thereupon the said Council procured an examination to be made by Messrs. Keefer & Smith, Civil Engineers, being persons competent for that purpose, of the said locality proposed to be drained and dyked, and has also procured plans and specifications and estimates of the work of construction to be made by the said Keefer & Smith, and an assessment to be made by them of the real property to be benefited by such drainage and dyking, stating as nearly as they can the proportion of benefit which in their opinion will be derived in consequence of such drainage and dyking by every section or portion of section, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the sections hereinafter in that behalf specially set forth and described, and the report of the said Keefer & Smith in respect thereof and of the said drainage being as follows:—

"TURNER BLOCK, VICTORIA B. C., July 9th, 1892.

"To the Reeve and Municipal Council of Delta, B. C.:

"GENTLEMEN,—In accordance with instructions received from your honourable body to make examinations, surveys, plans, reports, estimates and schedule of assessments for the construction of a dyke and trunk drainage ditch in Townships 3 and 4 of the Municipality of Delta, as petitioned for by Wm. McKee and others, we beg leave to report that we have made such examination, surveys, plans, reports, estimates and schedules of the sections, and we recommend that work be done as follows:—

"That an earth embankment of dimensions as stated in our plans and cross-sections, provided with all necessary outlets and projections, be constructed, beginning at the south-west corner of the south-west fractional quarter-section Section 29, Township 3, and shall thence, as shown on our general plan, extend easterly along the coast line to the west bank of the Big Slough near its mouth; thence northerly along the west bank of the said Big Slough to a point in the south-east quarter-section Section 2, Township 4; thence easterly across the said slough to the east bank of the said slough; thence along the east bank of the said slough southerly to the coast line; thence easterly along the said coast line to the centre of the section road between Sections 35 and 36, Township 3; thence northerly along the centre of the said section road to the junction of the said section road with the trunk road leading from Ladner's Landing; thence easterly along the southern ungraded part of the said trunk road to a point in the timber land in the north-east quarter Section 1, Township 4; also that a trunk drainage ditch of form and dimensions as stated in our detailed estimate, provided with the necessary outlet, be constructed, beginning at the north-west corner post, south-west quarter Section 32, Township 3; and shall thence, as shown on our general plan, extend eastward to the south-east corner post of the north-east quarter Section 34, Township 8; thence northerly to a point midway between said post and the north-east corner post of the said Section; thence easterly to Big Slough.

"These works will benefit lands in each of the Townships named.

"We estimate the costs of the works to be \$28,812.00, as shown in our detailed estimate. This sum we assess as in the accompanying schedule against the lands benefited.

"We recommend that the maintenance of the dyke and the trunk drainage ditch be at the expense of the lands assessed for the works herein reported on, the said lands paying in the same relative proportions as for the said work.

"We have the honour to be, gentlemen, your obedient servants,

"KEEFER & SMITH,  
"Civil Engineers."

3. For the purpose of paying the sum of \$28,812.00, being the amount charged against the said lands so to be benefited as aforesaid, and to cover interest thereon for the twenty years at the rate of six per centum per annum, the following special rate over and above all other rates shall be assessed and levied (in the manner and at the same time as taxes are levied) upon the under-mentioned sections and parts of sections, and the amount of the said special rates and interest assessed as aforesaid against each section or part of section, respectively, shall be divided into twenty equal parts, and one such part shall be assessed and levied as aforesaid in each year for twenty years after the final passing of this by-law, during which the said debentures have to run.
